

The unique style of the Elegance screen comes with two types of tensioning. The CTS (Constant Tensio System) is equipped with two counterweights, hooked onto hinges placed at the ends of the screen base: these tension rigid cables threaded through the lateral eyelets, guaranteeing constant self-tensioning and a smooth, crease-free rolling, owing to the fact that the eyelets are positioned outside the screen's surface. The ideal solution for those who put technical performance first. But since aesthetics are important, there is also the classic system, in which the cables are elastic. Threaded through the eyelets, they create a lateral curve of the surface, which is useful to prevent the formation of creases, despite the presence of the eyelet. In both cases the additional elements maintain the harmonious lines of the lateral sides and of the abutting base. Providing customized aesthetics and optimal planarity in one product.

Available with 50 or 70 mm lateral black borders.

See page **68**

### Create your own screen with the PSS

- > **Personalized dimensions:** width and height
- > **Motor type:** standard motor or radio integrated motor (optional)
- > **Case:** with standard or quick-installation case
- > **Case color:** Standard in White Matte. Optional in Black Matte. Custom color for an extra cost
- > **Standard Drop:** from 5 to 45 cm
- > **Projection surface fall:** back (standard), front or reverse-roll (optional)
- > **Side of command/motor:** right (standard) or left (optional)

### Projection Surfaces (see page 6)

- > VisionWhite / VisionWhitePro
- > AmbientGrey
- > ReferenceWhite / ReferenceGrey
- > VisionAcoustik
- > VisionRear DB and VisionRear, only without black borders

### Standard Accessories

- > Kit with wall or ceiling mount brackets
- > Unipolar switch
- > Remote control (only for radio integrated version)

### Optional Accessories

- > Interface to drive the screen in radio frequency with remote control (not included), 12V trigger, unipolar switch, dry contact or RS232
- > Receiver and infrared remote control
- > Extension brackets for screens up to 60 cm
- > Screen lift
